## Summary:

It has been a story of Hard Work, Choice and Team Leadership.

The Academics were designed to gather widest possible knowledge-from CA, ICWA, CS and ACCA-UK courses. Then the initial 5-6 years were spent on backing up qualifications with experiences on Accounts, Tax , Cost Mgt, Internal Control and International Reporting.

Then onwards-from Johnson & Johnson stint, the focus has been to use the knowledge and experience to the benefit of the business, people and myself. The humane and mature approach with innate skills of relationship management help me to seek better of the team without losing focus on broad corporate objectives.

A good old Approach of Work Hard and Go Home-with malice towards none, is something that I attempt to practice. I give more importance to How I live and help others around me whether at work or at home. That includes my family, colleagues at work and my bosses. I am proud that Most of my ex bosses are my References (barring few who have retired and beyond access now!).

At the threshold of age 50, I decided to change the focus of my life and engage in Social Service, Teaching and Freelance consultancy. I left my last job-CFO of Sciformix Corp in Dec 2017 to start new chapter from Jan 2018.

I contribute to an Organisation engaged in activities related to Tribal Rights,another related to J&K and one helping poor students in educating themselves(Vidyadaan). I advise a few small enterprises in the field of Food processing,small parts machinery and sports goods trading business. I also assist needy people to avail PM Mudra Loan for their business.

I was earlier Visiting Faculty at Pune University between 1996 to 1998. Between 2018 to 2019 I taught Strategic Finance Management (Second Year MBA) and Strategic Cost management and Investment Analysis and Portfolio Management(First Year MBA at IIeBM(Indus Institute of Business Manangement). I also visit Garware College of Commerce for imparting guidance to Senior students.

I have conducted programme-Finance for Non Finance-for a few Org to improve Business Effectiveness.
